All Your Home and Garden Needs Under One Roof

Tuesday, December 21, 2010 (Kitchener, ON) – As the tulips begin to sprout, announcing the end of winter, the region’s largest and most popular home and garden show returns to the Kitchener Memorial Auditorium Complex (The Aud). The **Kitchener-Waterloo Home & Garden Show (KWHGS)** opens on Friday, March 25, 2011 and runs through Sunday, March 27, 2011.

Back by popular demand, Landscape Ontario’s (Waterloo Chapter) members will once again create several feature gardens to “wow” visitors and give exciting new ideas for landscaping.

Throughout the three days, professionals inform and entertain on stage at the Rogers Theatre. Show visitors are encouraged to attend and “Ask the Experts” their questions about decorating, renovating, and landscaping.

The **KW Home & Garden Show** is in its 29th year and is the largest and most successful home and garden show in the region. More than 250 booths, filling two arenas, display a vast array of products for the home and garden including kitchens and baths, flooring, roofing, windows and doors, heating and air systems, fireplaces, spas and leisure products, sunrooms, landscaping, smart technology and much more.
